

## PROCESS METHOD – *FRAMING*: 12. TELESCOPING

### 12. TELESCOPING

*This method is useful when you have many options, ideas or possible solutions and you need to evaluate and restrict the team's choices. It is a matter of displaying the options, voting individually and giving each person an opportunity to explain and argue in favour of their preferences before making a common and informed choice.*

**Materials needed:** Blackboard, cardboard, smartboard or sharable online board e.g. padlet..

**Time required:** 30–45 minutes.

### How?

**1)** Create a list or a selection of options that are displayed for everyone to see.

**2)** Make the whole team select a restricted number of options (3 to 5) by placing a sticker, dot or coloured sign close to the selected option.

**3)** Discuss each selection to understand why it has been selected, and if more than one person has chosen an option they must explain their choice.

**4)** Underline or box in the options that have the most votes.

**5)** Discuss and agree on which one(s) you will be working on.
