### 08. FACT AND INSPIRATION FINDING

*Before doing research about a challenge this method is a way of discussing and identifying what kinds of information and inspiration might be needed to develop a solution to a challenge, deal with a project or study a specific challenge.*

**Materials needed:** Blackboard, cardboard, smartboard or sharable online board e.g. padlet.

**Time required:** 45 minutes–1.5 hours.

#### How?

- 1) Choose a person to lead the session and make notes on a shared piece of paper
- 2) Discuss and answer the following questions:
  - What do you know about the challenge or the present situation?
  - What would you like to know more about?
  - How might you be inspired and by what?
- 3) Note the most interesting answers and discuss how you might gather information about them: observation, interviews, engaging people in sketching together, etc. (see other research and ideation methods).
- 4) Evaluate and try to choose what to do considering the available time, how many you are, where you could go and who you could talk to.
